FRIDAY FALL FLICKS^{FREE}

Don't want the summer to end?

Well, now it doesn't have to. Bring the whole family out for a night of fun under the stars. Seating is on a grassy hill. Bring a blanket or low chair so you don't obstruct viewing. Dress warm as it may cool down once the sun sets. Please, no pets, smoking or alcohol. Snacks will be available for purchase. The event will be canceled if it is raining.

The Batman LEGO Movie: There are big changes brewing in Gotham, but if Batman wants to save the city from the Joker's hostile takeover, he may have to drop the lone vigilante thing, try to work with others and maybe, just maybe, learn to lighten up. Maybe his superhero sidekick Robin and loyal butler Alfred can show him a thing or two.

Beauty & the Beast (2017): Belle, a bright, beautiful and independent young woman, is taken prisoner by a beast in his castle. Despite her fears, she befriends the castle's enchanted staff and learns to look beyond the beast's hideous exterior, allowing her to recognize the kind heart and soul of the true prince that hides on the inside.
