Harry Potter Camp

A camp where students are invited to attend a week at Hogwarts, where they will transition from muggles (non-magical folk) to full-blown wizards. Each student will be sorted into a Hogwarts house, and given a wand! Students will be taught the traditional methods of dueling with ancient spells (also known as "Defense Against the Dark Arts"), mind-reading (Divination class), and Quidditch - a time-honored tradition! Students will be invited to investigate, discover, and imagine the world of young Harry Potter as this camp dives headfirst into the books and movies throughout the week!

9872 M-F Jun 25-29 9am-12pm 6-12ys \$139

Ultimate Science Camp

If you love Science, you'll love this! Biology, Chemistry, Physics, Forensics! Explore Biology with dissection! Learn Chemistry with explosions and slime. Be blown away by Physics with rockets and flight. Solve crimes with forensics. A different aspect of science will be tackled every day. This class is hands on all the time.

Ultimate Survival

Are you prepared if you get lost in the wilderness or the desert? Are you prepared in case there is a major earthquake, storm or even a Zombie Apocalypse? Then get prepared. Learn the survival skills you and everyone around you should know. Following survivalists' Rules of Three, we teach shelter building, water collection, first aid, fire skills, and signaling for help. We'll also explore what you need for a survival kit. Role-playing and games keep the lessons positive and fun.

9876 M-F Jul 30-Aug 3 9am-12pm 7-12 yrs \$139

Hunger Games

The Hunger Games, but without the violence. Send your tributes to compete and see who will survive as the victor of daily competitions. As they go through training week, campers will learn survival skills, archery, shelter making, and teamwork.

9877 M-F Aug 6-10 9am-12pm 8-13 yrs \$139

Smash Lab

Let your child channel their destructive nature and have a blast in the process of Smash Lab Camp! Campers get to build a variety of structures, and use just as diverse as an arsenal to tear them down! Learn about the science behind gravity, force, Newton's Law, aerodynamics and general engineering in the messiest ways! We also get to take apart electronic devices and look at how they work and then put them back together, and if they don't work, then they're the next smashing target.
